

CURRICULUM VITAE

Michael H Lindell Strategic Planner

Michael Lindell is an architect with complementary training in environmental psychology. His special area of interest is “Health Care” and the people, services and facilities involved in the dynamic delivery process. Pivotal in this work is a “Focus on the patient” to ensure health care delivery is sensitive to the true needs of the individual. He has worked on a broad spectrum of such projects in Europe, Middle East, South East Asia and Australasia.

Experience:

- After graduating in Architecture at the University of Melbourne in 1968 Michael practiced in London and Helsinki before returning to Melbourne to join Stephenson & Turner. Ultimately he became Senior Partner of Stephenson & Turner Asia from 1984 to 1994.
- During this time he was involved in many health care projects.
- Royal Victorian Eye and Ear Hospital, Melbourne
- Mercy Private Hospital, Melbourne
- Mercy Maternity Hospital, Melbourne
- Freemasons Day Procedures Centre, Melbourne
- Basrah Teaching Hospital, Iraq
- Sha Tin Teaching Hospital, Hong Kong
- V.G.H. Teaching Hospital, Taipei
- Tri-Services Teaching Hospital, Taipei
- Selaiyang Hospital, Kuala Lumpur
- Alfred Hospital, Melbourne
- St.Vincent's Hospital, Rehabilitation Centre, Melbourne
- St.Vincent's Hospital, Prisoner Ward Unit, Melbourne
- Caritas Christi Hospice, Melbourne
- Road Trauma Centre, Melbourne
- Peter MacCallum Cancer Institute, Melbourne
- Mt. Alvernia Hospital, Bendigo
- Melbourne Clinic Psychiatric Hospital
- Grace MacKellar House, Geriatric Facility, Geelong
- Woden Valley Hospital, Canberra
- He has been involved in a spectrum of projects in Viet Nam ranging from major tourism infrastructure work in Vung Tau to sensitive inner city planning and heritage work in Ha Noi. Other strategic planning focused on rural initiatives to lessen pressure on major cities' growth
- Italian Village, South Morang Residential Complex
- Menzies@ Malvern Retirement Village
- Casuarina Hospital, Darwin
- Mildura Private Hospital
- Other experience gained during this period included:

- Esso Office Building, Sale
- Royal Hayman Island Redevelopment
- Flight Simulator Complex, Melbourne
- Ansett Terminal, Perth
- Golden Dragon Museum, Bendigo
- After leaving Stephenson & Turner Michael worked as a strategic planner with Woods Bagot, The Cox Group and Thomson Adsett.
- During this period he developed a particular interest in Melbourne Docklands. He was responsible for the initiation of the “Victoria Point” residential project and is currently involved in many urban planning assignments within this dynamic precinct.
